To Whom It May Concern

Dear Sir/Madam.

Reference for Andrew Stretton.

Andrew worked for my late husband between May 2005 and October 2014. When he had to unfortunately leave to take care of his father who was in very bad health and later passed away.

During Andrews time he was always a very hard and flexible worker as well as being work proud and to put ideas across as well as going along with the daily work flow and he would also be on hand if my husband wanted him to help with the business on the P.C. side of things. He was very punctual and should he need time off, always gave good notice of it. Overall I would recommend Andrew as an employee and person. If you require any further information regarding Andrew, please do not hesitate to contact me.

Yours faithfully
Jeanette Green
